

TP2 - E3

Thursday, October 28, 2021 5:11 PM

Accions:

Actualizar palabra según actual state

Features:

Poner mal la clave resta tiempo.

We have to take into consideration the fact that no hay decoder ?

~~encoder~~

Se pueden usar 2 cables creo. Si hacemos el barrido tipo teclado matricial de arduino
Casi seguro que se reduce.

Shift register A.K.A. buffer ?Unable to understand wath a fack are you saying
